## MEMORANDUM

**To:** Public School Superintendents and Principals  
**From:** Division of Accreditation, Assistance, and Awards  
**RE:** Certified Position Highly Qualified Verification Data Collection for School Year 2007-2008  
**Date:** January 25, 2008

As a requirement for obtaining federal approval of its Highly Qualified Teacher Plan Extension, the Indiana Department of Education is required to ensure that each school corporation has plans in place to assist non-highly qualified public school teachers in meeting the highly qualified teacher requirements. Data from each school corporation will be submitted to the Indiana Department of Education via the Application Center. The collection is called "Certified Position HQ Verification" and can be accessed at: <https://ac.doe.state.in.us/AppCenter/>.

### **Certified Position Highly Qualified Verification**

School corporations will view a list of their certified teachers who are not highly qualified (HQ), as reported on the Certified Employee/Certified Professional (CE/CP) October 1, 2007 data collection. This verification is via the Input Screen only. No file transfers will be accepted.

School officials must complete the following:

- Report how non-HQ teachers plan to become highly qualified
- Report whether the teacher will be HQ by September 1, 2008

### **Directions:**

- 1) Access the Application Center.
- 2) The Certified Position HQ Verification can only be viewed by the user group 'Employee Administration' in the Application Center.
- 3) To view the data in the Application Center go to Data Transfer > Input Forms > Certified Position HQ Verification.
- 4) A list of all core academic subjects will be reflected in the search results when you initially go into this application. You may filter (search) by any field represented.
- 5) At the right-hand side of the list of teachers who are not yet highly qualified, you will see an 'edit' button which you will click to update your data. Select one of the following from the "HQ Plan" drop down box, depending on whether the teacher teaches elementary or secondary grades:
